Hopefully helpful hints on completing our Tick List

When you look at these pages yur task might seem a little daunting, we hope the following comments may help. Please complete all sections in the list as they apply to you including name, contact numbers and both addresses. It helps us if you put in the type of both properties and if a flat which floor and if there is a lift. It is important for us to know if you are packing your small and breakable effects or you wish us to.

Rather than sit in a room to complete the form, walk around each room - familiarity breeds forgetfulness. It is suprising how we fail to notice furniture, or items in cupboards that have been in position for a long time.

Only mark down sizes if they are unusual ie super-king divan. However the dimensions of bookcases would help.

If requested hanging clothes can be packed into our wardrobe cartons on the day of the removal.

And it would be greatly appreciated if you provided the approximate rail length of clothing

The boxes we use for china, glass, linen, toys and odds and ends measure 46 x 46 x 55 cm/18 x 18 x 20 inch

The cartons for books, tools, records, dvds, CDs, bottles and food are 46 x 33 x 33 cm/18 x 13 x 13 inch

If you are not using these box sizes it is helpful if you still use these dimensions to calculate anticipated box numbers

Our quotations are totally reliant on the Tick List entries being correct with no omissions of items for removal. Any other items not included on the Tick List may incurr extra charges and/or have to be left behind due to lack of space. If you are in any doubt about anything please phone or email us and we will be only to happy to discuss and advise.
